Size	24 inches x 150 feet, 2 inch core
Sheet Size	24-inch x 150-foot roll
Brightness Rating	92
Whiteness	92
Paper Weight	20
Paper Finish	Matte Smooth

Plotting Paper 24" X 150' Question> Do you have end caps that hold and center your **24" X 150' Plotter Paper roll** and are the end caps tapered?
Answer> If they taper down to 2" yes if not probably not. Option; You could have a machine shop make you some tapered end caps and use O rings to hold them in place on a shaft and you would be able to use different cores if you have end caps and they slide on a shaft.
